

Permission to Administer Medication in School

NOTICE TO PARENTS: *The parent/legal guardian must bring medication directly to the school nurse in the container supplied by the pharmacy with an appropriate label.*

- Whenever possible, avoid prescribing medications for administration during school hours, especially medications to be administered for a short period of time. (ie. Antibiotics)*
- Medication brought into school is required to have appropriate pharmacy label on container. All medications will be kept locked in a secure cabinet in the nurse's office.*
- Carrying of inhalers or emergency medications (ie. Epinephrine auto-injector) is discouraged, because these items are easily forgotten or lost, which could leave the student in a possible medical crisis without medication. If the student must carry own medication, **then a second inhaler is REQUIRED to be left in the nurse's office.** If the student is carrying an epinephrine auto-injector, a **second epinephrine auto-injector MUST be stored with school nurse.***
- Any change in prescription requires a new written order from the prescriber. Verbal orders are not accepted.*

Name of Student:		Student's Date of Birth (Mo/Day/Year):	
Student Diagnosis:		Name of Medication:	
Dosage:		Time of Administration:	
Route of Administration and Instructions:			
Start Date:		End Date:
